**Student Chapter Grant Application**

We encourage active University Student Chapters of the CMEA/ACME to apply for Professional Development/Workshop funding. These grants are intended to encourage you to organize and plan professional development events (e.g. guest speakers, workshops or other similar events etc.). The presentation can be a one-time occurrence or a series of workshops that involve guests who are not members of your current faculty. Normally the grants range from \$100 to \$250, depending on the need and your willingness to open the workshop to student chapter members from other institutions.
